

THERE ON YOUR FACE OR IN THE CASE

My glasses sit here on my face,
but when they're not,
they're in my case.

I have to wear them,
So I can see.
The board, the computer and the TV.

I love my glasses, they are just fine.
I keep them safe,
most of the time.

They are my special property,
No trade backs here, I have to see.

"They're on your face or in your case",
That is what my Mom tells me.

My world smiles back,
When I can see!
